## Window World of Boston again receives top honors by *Talk of the Town News*

*Store given a five star rating by Celebration Media's customer review site*

**BOSTON** – Window World of Boston has been named a recipient of the 2013 *Talk of the Town News* “Excellence in Customer Satisfaction Award” by Celebration Media for the second consecutive year. Window World of Boston again has been given a five star rating. The ratings are determined based on consumer reviews on websites, blogs, social media sites and business rating services.

CMUS has been awarding companies for superior service for more than four years. The award ratings are determined by researchers who collectively spent more than 18,000 hours analyzing customer reviews online. Based on these reviews, companies were rated using the CMUS Power Ratings™ system to determine the highest scoring companies and professionals. Only those businesses with a four or five star rating qualify for the “Excellence in Customer Satisfaction Award.”

Window World of Boston is an area location of Window World, Inc.®, America’s largest replacement window company. The store offers quality replacement windows, doors and vinyl siding to homeowners in seven counties around the Boston area.
